

"Small businesses are the backbone of our economy and the cornerstone of our communities."

PINNACLE CORE CONSULTING CAPABILITY STATEMENT

Pinnacle Core Consulting is a proud 8(a) and women-owned small business, established in the spring of 2025. We are a privately held, certified small business, actively registered in [SAM.gov](https://sam.gov) with a Unique Entity Identifier (UEI), and headquartered in the heart of Tysons Corner, Virginia.

At Pinnacle Core Consulting, we bridge the gap between technology and people. Our firm delivers high-impact, results-driven solutions at the intersection of **IT services, Human Resources, business strategy, and organizational development**. We specialize in **Cybersecurity, IT strategy, HR management and operations, change management, and leadership development** — all critical components of modern, resilient enterprises.

Our capabilities support both federal agencies and private sector clients, helping them streamline operations, manage talent, and implement secure, scalable digital solutions. Whether developing enterprise IT frameworks, driving workforce transformation, or building leadership pipelines, we align every solution with your compliance requirements.

Core Competencies:

- IT Support & Cybersecurity
- Human Capital Management (HCM)
- HR Operations & Compliance
- Organizational Change Management (OCM)
- Leadership Development & Coaching

Differentiators:

Information technology: Over 20 years of supporting various Federal Government agencies: Proven record of driving enterprise-wide transformation through strategic IT and Security strategy. A trusted advisor to C-suite executives and boards, with a consistent track record of managing global teams, overseeing technology portfolios exceeding \$300 million, and delivering high-impact programs that produce measurable outcomes ranging from multi-million-dollar cost savings to double-digit operational efficiency gains. Recognized for instilling accountability, transparency, and disciplined execution across all stages of program delivery. Leverages deep expertise in on premise/ cloud, IT architecture, cyber, governance, risk Mgmt., IT audit, and compliance to build secure, resilient, and scalable technology environments. Proven success in leading through complex change initiatives, and enterprise modernization efforts ensuring continuity, stakeholder alignment, and regulatory adherence. Exceptional communication and relationship builder with the ability to distill complex, ambiguous inputs into strategic roadmaps.

Human Resource and business OPS: Over 10 years of HR and operations leadership, payroll experience supporting both federal and private-sector clients, deep expertise in government systems: ADP, SAP, UKG, Kronos, Talent box. Skilled in navigating FMLA, ADA, COBRA, HIPAA, and retirement plan compliance. Unique blend of IT, HR, and organizational development consulting. Certified in PHR & CPP (in progress – 2025). Committed to talent development, operational maturity, and thought leadership. Adept at guiding organizations through periods of growth, transformation, and disruption delivering enterprise agility while safeguarding long-term value.
